Test Name:	**BACTERIAL ANTIGENS**
Test ID: MISC	
CPT:	
LOINC:	
Synonyms:	CIE. The test is only done on CSF or Urine.
Test Includes:	Specimen source, beta strep group B, *Haemophilus influenza B* , *Strep pneumoniae* , *Neisseria meningitidis* , *N. mening B / E. coli* K1.
Turnaround Time:	Sent to reference lab.
Specimen Collection/Transport Instructions:	
Specimen Type:	CSF or urine. Collect aseptically according to established procedures.
Volume:	CSF: 1 mL; urine: 10 mL.
Container:	CSF: Sterile tube; urine: sterile urine container.
Specimen Handling:	Collect aseptically according to established procedures. Refrigerate specimen.

Test Name:	**BASIC METABOLIC PANEL**
Test ID:	**BMP**
CPT:	
LOINC:	
Test Includes:	Glu, Na, K, Cl, CO2, lyte balance, BUN, creat, b/c ratio, calcium.
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	2 - 4 mL.
Container:	7 mL SST.
Specimen Handling:	Avoid hemolysis. Separate from cells ASAP.

Test Name:	**BETA 2 GLYCOPROTEIN I**
Test ID:	**B2GPI**
CPT:	
LOINC:	
Turnaround Time:	Sent to Reference Lab.
Specimen Collection/Transport Instructions:	*Overnight fasting preferred.*
Specimen Type:	Serum - refrigerated
Volume:	1 mL.
Container:	7 mL SST.
Specimen Handling:	Refrigerate

Test Name:	**BETA 2 MICROGLOBULIN**
Test ID:	**B2M**
CPT:	
LOINC:	
Synonyms:	B2 Microglobulin, B2M.
Turnaround Time:	Test done once per week on Friday. Results available by 3pm.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	2 mL.
Container:	7 mL SST or plain red top
Specimen Handling:	Freeze specimen.

Test Name:	**BETA CAROTENE**
Test ID:	CARO
CPT:	
LOINC:	
Turnaround Time:	Sent to Reference Lab.
Precollection Instructions:	Patient should be fasting.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	5 mL.
Container:	10 mL red top tube. Do not use SST.
Specimen Handling:	If collected outside hospital, centrifuge and transfer to plastic vial. ***Protect specimen from light*** . Refrigerate specimen.

Test Name:	**BG See BLOOD GAS ANALYSIS**

Test Name:	**BILE ACIDS**
Test ID:	**MISC**
CPT:	
LOINC:	
Synonym:	Bile Salts
Turnaround Time:	Sent to Reference Lab.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum
Volume:	1 mL.
Container:	7 mL SST.
Specimen Handling:	Refrigerate

Test Name:	**BILIARY DRAINAGE**
Test ID:	**BILE**
CPT:	
LOINC:	
Test Includes:	Crystals and WBC in bile.
Turnaround Time:	
Specimen Collection/Transport Instructions:	
Specimen Type:	Bile.
Volume:	2 mL.
Container:	
Specimen Handling:	

Test Name:	**BILIRUBIN, DIRECT, ADULT**
Test ID:	**BILAD**
CPT:	
LOINC:	
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	1 mL.
Container:	7 mL SST.
Specimen Handling:	Avoid hemolysis. Protect specimen from light.

Test Name:	**BILIRUBIN, DIRECT, INFANT**
Test ID:	**BILBD**
CPT:	
LOINC:	
Turnaround Time:	Urgent/STAT: 1 hour; routine: 2 hours.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum or plasma.
Volume:	30 µL.
Container:	Red or green top microtainer.
Specimen Handling:	Protect specimen from light. Avoid gross hemolysis.

Test Name:	**BILIRUBIN, INDIRECT, ADULT**
Test ID:	**BILAI**
CPT:	
LOINC:	
Test Includes:	Total, direct and indirect bilirubin.
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	1 mL.
Container:	7 mL SST.
Specimen Handling:	Avoid hemolysis. Protect specimen from light.

Test Name:	**BILIRUBIN, INDIRECT, INFANT**
Test ID:	**BILBI**
CPT:	
LOINC:	
Test Includes:	Indirect bilirubin.
Turnaround Time:	Urgent/STAT: 1 hour; routine: 2 hours.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum or plasma.
Volume:	30 µL.
Container:	Red or green top microtainer.
Specimen Handling:	Protect specimen from light. Avoid gross hemolysis.

Test Name:	**BILIRUBIN, TOTAL, ADULT**
Test ID:	**BILT**
CPT:	
LOINC:	
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	1 mL.
Container:	7 mL SST.
Specimen Handling:	Avoid hemolysis. Protect specimen from light.

Test Name:	**BILIRUBIN, TOTAL, INFANT**
Test ID:	**BILBT**
CPT:	
LOINC:	
Turnaround Time:	Urgent/STAT: 1 hour
Routine: 2 hours.	
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum or plasma.
Volume:	30 µL.
Container:	Red or green top microtainer.
Specimen Handling:	Protect specimen from light. Avoid gross hemolysis.

Test Name:	**BILIRUBIN, URINE DIPSTICK**
Test ID:	**BILUA**
CPT:	
LOINC:	
Synonyms:	Urine bilirubin.
Test Includes:	Dipstick for urine bilirubin.
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Random urine.
Volume:	2 mL.
Container:	Plastic urine tube. Refrigerate or keep on ice.

Test Name:	**BIOAVAILABLE TESTOSTERONE**
Test ID:	**MISC**
CPT:	
LOINC:	
Turnaround Time:	Sent to Reference Lab.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum – room temperature
Volume:	2 mL.
Container:	7 mL SST.
Specimen Handling:	Room temperature

Test Name:	**BLEEDING TIME See PFA**

Test Name:	**BLOOD GAS ANALYSIS**
Test ID:	**BG**
CPT:	
LOINC:	
Synonyms:	BG, gases, blood gas, ABGs.
Test Includes:	pH, pCO2, pO2, HCO3, total CO2, base excess, O2 saturation.
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Arterial blood.
Volume:	2 - 3 mL.
Container:	Heparinized syringe.
Specimen Handling:	Collect on ice. Bring to lab immediately.

Test Name:	**BLOOD, URINE DIPSTICK**
Test ID:	**BLDUA**
CPT:	
LOINC:	
Synonyms:	Urinary blood/hemoglobin.
Test Includes:	Dipstick for urine blood/hemoglobin.
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Random urine.
Volume:	2 mL.
Container:	Plastic urine tube. Refrigerate or keep on ice.

Test Name:	**BMP See BASIC METABOLIC PANEL**

Test Name:	**BRAIN NATRIURETIC PEPTIDE**
Test ID: BNPT	
CPT:	
LOINC:	
Synonyms:	BNP
Turnaround Time:	Performed same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Whole blood or Plasma (EDTA)
Volume:	1 mL.
Container:	2.5 ml lav top tube.
Specimen Handling:	Refrigerate whole blood. Whole blood stable for 24 hours refrigerated.

Test Name:	**BROMIDE**
Test ID:	**BROM**
CPT:	
LOINC:	
Turnaround Time:	Sent to Reference Lab.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	3 ml
Container:	Plain red top. Do not use SST.
Specimen Handling:	Centrifuge and transfer to plastic vial. Refrigerate.

Test Name:	**BRUCELLA ANTIBODY**
Test ID:	**BRUC**
CPT:	
LOINC:	
Synonyms:	Brucellosis antibody.
Turnaround Time:	Sent to Reference Lab.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	1 mL.
Container:	7 mL SST.
Specimen Handling:	Refrigerate specimen.

Test Name:	**BUN, BODY FLUID**
Test ID:	**BUNBF**
CPT:	
LOINC:	
Synonyms:	Body fluid urea nitrogen.
Test Includes:	Body fluid type, BUN.
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Body fluid.
Volume:	2 - 4 mL.

Test Name:	**BUN, SERUM**
Test ID:	**BUN**
CPT:	
LOINC:	
Synonyms:	Blood urea nitrogen.
Turnaround Time:	Done 7 days/wk, 24 hrs/day. Results available the same day.
Specimen Collection/Transport Instructions:	
Specimen Type:	Serum.
Volume:	1 mL.
Container:	7 mL SST.

Test Name:	**BUPROPION**
Test ID:	**BUPRO**
CPT:	
LOINC:	
Synonyms:	Wellbutrin.
Turnaround Time:	Sent to Reference Lab.
Specimen Collection/Transport Instructions:	
Specimen Type:	EDTA Plasma (frozen) / Serum
Volume:	2 mL.
Container:	2 lav top tubes / Plain red top
Specimen Handling:	Centrifuge, transfer to plastic tube. Fr
