The 2009-2010 Best In Value™ and Best In State™ study was based on 4,500 acute-care hospitals serving about 30.1 million consumers. Its resulting Hospital Value Index™ defines the value you get from your hospital in four critical areas. \*Source: The nation's leader in measuring health care value, Data Advantage, LLC; details available at [www.hospitalvalueindex.com](http://www.hospitalvalueindex.com).
