

How do you say thanks for lives saved?

Words cannot express the appreciation felt by patients and families for the lifesaving efforts made by the hospital teams listed here. One of the ways they strive to improve patient outcomes is by using the Get With The GuidelinesSM quality improvement program to help them deliver care that's consistent with the most up-to-date scientific guidelines. Please join us in recognizing these hospitals for their success in using Get With The Guidelines, for their ongoing commitment to excellence and for their insistence that good is never good enough.

Learn and LiveSM

CAD

stands for coronary artery disease, the condition caused by the thickening of the walls of the arteries that supply blood to the heart muscle, sometimes resulting in heart attack. The Get With The Guidelines–CAD module provides the latest evidence-based guidelines for treating coronary artery disease.

S

stands for stroke, the event that occurs when a blood vessel to the brain is blocked by a clot. The Get With The Guidelines–Stroke module provides the latest evidence-based guidelines for treating stroke.

HF

stands for heart failure, the condition in which the heart is unable to pump enough blood to the lungs and the rest of the body. The Get With The Guidelines–HF module provides the latest evidence-based guidelines for treating heart failure.
